

The SCNCA is announcing changes to the 2015 SoCal Cup. For more than a decade, the SoCal Cup has been one of the key drivers for riders and promoters in the SCNCA district.

The SoCal Cup is moving away from having all races (that meet minimum qualifications) being eligible. Starting in 2015, the SoCal Cup will be hosted by approximately 20 races. These races are well-established events that deliver a great experience for the racers. These are races that traditionally draw large fields, and provide a challenging yet safe course.

The makeup of the races include all SCNCA Road Race and Criterium championships, the SCNCA Individual Time Trial Championships, two Stage Races, one omnium, one circuit race, three road races, and eleven criteriums.

The point values for the events will remain unchanged, as will points being award to the top 12 places in each category. All existing Elite and Junior racer categories will remain the same. The master's categories are being reviewed with a decision due mid-November after input from racers, teams, and race directors.

The 2015 SoCal Cup will begin with the Boulevard Road Race on Jan 31<sup>st</sup> and end with the final race of the popular Ontario series on August 19<sup>th</sup>. Additional details will be made available in the next few weeks.
