

Christopher Jennings MBA & USAC Coach (L2)

It is with great passion and enthusiasm that I respectfully submit my application to serve on the Board of the Southern California – Nevada Cycling Association.

I, like many before me, enjoy the break from day to day work& life by way of cycling and what it brings. The happenings of the 2020 year have seen a lot of changes that we all must work through together. As a member of the SCNCA Board I have worked to open up Board meetings, create visibility by way of shared meeting minutes, and introducing a club ambassador role to promote upstream and downstream communication with all in our local area. This is in addition to playing a role in growing the Beginner Rider/Racer Program in the SCNCA area. This program has seen significant amounts of new riders come to the sport and grow in a safe, smart, and inclusive way.

We may not know what 2021 and onward has in store for us all, but we must make the most of the time available to us. I am concerned about our grassroots level of racing, bringing in new riders in a sustainable way that will see them learn the sport we all love and continue to return and develop. We are seeing events falling away in recent months, while at the same time a HUGE surge in people buying bikes and coming forward to enjoy this sport. Lets get these people on board, introduce them to events in our area and ensure they are included as we move forward with events coming back on the calendar.

Thank you for your time,

Christopher Jennings-Bright

Level 2 USA Cycling Coach - License #237479
