\*Collegiate racers will race in categories corresponding to their domestic racing licenses. You need a domestic license to participate unless you are in the Men's D field. Not every race at SBCR corresponds to a perfect collegiate match (ex. Men's A field could be split between Cat 3 race and P1/2 race). Due to liability reasons, we cannot have racers race up categories; it is unfortunate, but it is better than nothing. The races will be officially scored by USAC officials only for the domestic categories (+ the Men's D field). The collegiate scoring of races will be done by UCSB Cycling on behalf of the Western Collegiate Cycling Conference for prizes and Omnium points. You will not get USAC upgrade points by placing in your collegiate field.

\*\*Women's cat. 3 racers will be scored and receive prizes separately from the women's cat 1/2 racers.

USAC Permit #6912
